Eduardo Luis Pinheiro Brito

Birthday – 20/05/1991
Bournemouth, 98 ST Georges Drive, BH11 8NY ,United Kingdom
07495693576 • edbrito.luis@gmail.com

Objective

Passionate web developer with expertise in HTML, CSS, JavaScript, Python, and Django framework. Proven ability to create dynamic and responsive web applications. Seeking opportunities to contribute creativity and technical skills to innovative projects.

Work Experience

Web Developer, Wiseguys Tech Support
05/2019 – 07/2023
Responsibilities & Achievements:

WordPress Development:
- Customize and develop WordPress themes and templates to meet project requirements and design specifications.
- Integrate third-party plugins and tools to enhance website functionality and user experience.

Front-End Development:
- Translate design mockups and wireframes into responsive and visually appealing web interfaces using HTML5, CSS3, and JavaScript.
- Ensure cross-browser compatibility and consistent user experiences across various devices and screen sizes.

User Interface (UI) and User Experience (UX) Design:
- Collaborate with designers and stakeholders to implement intuitive and user-friendly interfaces.
- Enhance user experience through interactive elements, animations, and engaging visual components.

Website Maintenance and Support:
- Update and maintain existing websites, troubleshoot issues, and ensure website security and stability.
- Monitor and manage website backups, updates, and security patches to prevent vulnerabilities.

Collaboration and Communication:
- Work closely with cross-functional teams, including designers, content creators, and back-end developers, to ensure seamless project execution.
- Communicate project progress, challenges, and solutions effectively to team members and stakeholders.

Freelancer Web Developer, Profit Quant

04/2019 - Present

Responsibilities & Achievements:

- Developed responsive and visually appealing websites for clients across various industries using HTML, CSS, and JavaScript.
- Implemented back-end functionality using Python and Django, enabling dynamic content and user interactions.
- Collaborated with clients to understand project requirements and deliver customized web solutions.
- Managed multiple projects simultaneously, meeting deadlines and exceeding client expectations.

Freelancer WordPress Developer, CoastLine Studio

01/2019 - Present

Responsibilities & Achievements:

- Collaborated with the development team to create and maintain company website using HTML, CSS, and JavaScript.
- Assisted in the design and implementation of front-end user interfaces for web applications.
- Developed and tested interactive web forms, enhancing user experience and data collection.
- Worked closely with senior developers to troubleshoot and resolve issues, improving website functionality.

Frontend Developer, Creative Services

09/2016 - 12/2017

Responsibilities & Achievements

- Implement responsible web design principles to ensure that clients websites-render well across multiple devices.
- Determining the structure and design of web pages.
- Review coding and plan future website upgrades with the development team.
- Ensuring user experience determines design choices.
- Utilizing a variety of markup languages to write web pages.
- JavaScript coding.
